

inklayer

PDF Annotation SDK for Modern Web Apps

Inklayer is an open-source PDF annotation SDK that brings production-grade document collaboration to your web application in minutes. Built for React and Vue, it handles coordinate transforms, zoom-level alignment, and scroll synchronization so you don't have to.

14 Annotation Types

Highlight, underline, strikethrough, rectangle, ellipse, freehand, sticky notes, stamps & more

Auto Coordinate Transform

Seamless zoom & scroll.
Annotations stay pixel-perfect at any scale. Zero manual math.

10-Minute Integration

3 lines of code.
Works with React 16+ and Vue 3.
MIT license. Production ready.

Why teams choose inklayer

- > Open source under MIT -- audit the code, own your stack
- > Framework-native APIs for React hooks and Vue composables
- > Customizable UI -- override any component with your own design system
- > Offline-first architecture with collaborative sync built in

Quick Start Guide

Install the SDK and add annotation capabilities to your app with just a few lines of code.

Installation

```
# npm      npm install inklayer-react
# yarn     yarn add inklayer-react
# pnpm     pnpm add inklayer-react
```

{ React }

```
import { PdfAnnotator,
  PdfViewer }
  from 'inklayer-react'
import
  'inklayer-react/style'

export default function App() {
  return (
    <PdfAnnotator
      url="/demo.pdf"
      user={{ id: 'me',
        name: "Demo" }}
    />
  )
}
```

< Vue >

```
import { PdfAnnotator,
  PdfViewer }
  from 'inklayer-vue'
import
  'inklayer-vue/style'

<template>
  <PdfAnnotator
    url="/demo.pdf"
    :user="{
      id: 'me',
      name: 'Demo'
    }"
  />
</template>
```

Annotation API -- Core Methods

highlight Yellow text marker

strikeout Cross out text

ellipse Circle region highlight

sticky_note Comment popup notes

stamp Predefined icon stamps

polyline Multi-point line

ink Smooth freehand path

underline Underline text with color

rectangle Box area selection

freehand Freeform pen drawing

text Type text directly

line Straight line arrow

polygon Closed shape

signature Hand-drawn signature
